Photography

How to Download Your Photos

1. Access your private gallery through the direct link or with your client access code on the Client Gallery tab on www.laurencampbellphotography.com

2. Click 'Select Photos' in the uper right corner

3. Click 'All' in the upper left corner

OR click the individual photos you wish to download.

4. Click 'Download'

5. The download window will appear. Click 'Save' and select the destination.

It may take several minutes to download all of your images, depending on the number of photos and your connection speed.

The watermark only appears on the online images and wil not apear on the downloaded copies.
